WATCH THE HANDS

We are going to now consider currency on a world basis. We will also point out why some of the monetary plans and money making formats are valid and viable.

Let us speak a bit about Mr. Marcos who was recently deposed from the Phillipines. This is most typical, friends, so watch the hands closely. A representative of the international bankers' bank went to those ones and said, 'Mr. Marcos, we will forgive all of your loans. You cannot pay them back, you cannot pay back the interest, you can't pay back the principle, but, we would like to make you a bargain. We will just forgive the loans.'

Digress time: remember, who did that money belong to that they loaned out to these third world places? It was not the bankers'. Well, of course, it was all that Arab money, because of the higher prices that the people all over the world had paid. So, back to what the bankers say, 'We'll just forgive your loans, the principle and the interest and you never have to pay it back--IF (ALWAYS THE IF)--. The 'if' goes about as follows: You have to do away with your national currency, whatever it is. The dollar will be your currency basis of value. You will be set up with a type of debit card system instead of the usual currency system. Then, too, you must give us perpetual rights to all of the natural resources in your country.

Interestingly enough, it was right after that little gift gesture; that friendly little suggestion, that Mr. Marcos was deposed. Why do you suppose that happened? Well, Mr. Marcos was pretty feisty and he told the international bankers where they could go right after they got immediately out of his country. He had no intention of giving them sovereignty over his country and look what happened.

Everyone in that country found that suddenly their social security number was synonymous with their credit number; further, their central bank was to act as a wholesaler for credit, which in turn, was extended to it by the new super bank which was announced by your Mr. Paul Volker in the fall of 1985. That was ratified immediately by President Reagan. Just a fun aside for you who love to play with numbers and speculate about coincidence--the names and numbers, the digits, added up to six. Lots of things around Mr. Reagan add up to sixes--even his retirement home address. I take very little stock in these things, but many of you seem to like the game. Also, because a President is not reelected does not mean he is vanquished from the fray.

A further contingent condition of the benevolent gift, if you will, of the International Monetary Fund, was that in order to help the economy of those countries the IMF was going to nominate external, nondomestic corporations to properly engineer, exploit and excavate the minerals of those said countries who had just put those same mineral resources up as collateral. This would all, thereby, supposedly bring prosperity to those striving nations.

Mr. Marcos was a bit sharper up front, however, and he pinpointed on the word PERPETUAL in the contract. He realized that quite obviously he would be signing away the sovereignty of his nation.

I make no comment or judgement regarding Mr. Marcos as a person, nor do I make comment about any individual--those ones are of human format, not mine. I am just telling you the way it is and how some things happened.

In the case of the Marcoses, it was only a matter of weeks before the bankers brought down the guillotine blade. Riots were financed by, and originated through, ones of the international bankers' groups. It is never humanly wise to cross these ones; you see Mr. and Mrs. Marcos were exploiting the people well enough on their own and did not wish to share.

WHERE DID THE MONEY GO?

Ah, let us not forget those holding companies of which I spoke. Remember holding companies one and holding companies two? The second group was receiving credit from the first group of holding companies to purchase assets and liabilities from the 'prime' banks. The only liabilities they would purchase were liabilities represented by Certificates of Deposits of the Arab nations. The assets they were buying were loans made to the debtor nations. Remember, it was designed that third world countries would default on the loans which would bankrupt the holding companies which had purchased the Arab's CD's from the banks.

At such a point, the internation bankers say to the Arabs, 'OK fellows, sorry, but all those billions of dollars in 30 year term deposits that you have been depositing all these years are gone. They were sold to a holding company, unattached to us, which loaned the money to third world countries which are bankrupt--broke--gone kaput. Sorry, Mr. Arab, but as of today you are bankrupt. Just like that--all gone!'

You might ask, 'Is it possible for the Arab world to go bankrupt? Really now, the richest people in the world with all that oil?' It is a little bit shocking isn't it? Poor souls, they didn't even know those CD's had been 'sold' to those holding companies. They had deposited the money right into the New York bank as required. How could they possibly know they were transferred out and into bankruptcy destined companies? How could they understand the inner manipulations of international financiers? They were nomads, they didn't know anything about business. One cannot even consider them foolish. How much of this intrigue do you know, much less understand? The Arabs could not know what they were up against. But now let us look at what has happened. Before the end of 1986 the Arab world became a bit aware of what was happening to them. The word went out that before May 1st, 1987 millions and millions had to be transferred out of the Arab world into America, to start preparing for doomsday. Money was to be shifted into any kind of securities that were even half way decent. Why do you think this was so? It was so that when the Arab sheiks came to the point of bankruptcy they could be sure the people under them, those millions of people of the Arab countries who have literally been 'kept' by give-away programs, could not get at them. They would have a place to run to and, hopefully, hide. Well, when this all comes down that these Arab countries have literally been sold out, innocently or knowingly, there will be uprisings, turmoil and literally, massacres abounding. It is going to happen, friends, right in the Arab nations.

This is why they have purchased, and set in place, silkworm type missiles from China. Long range, nuclear capable, and they have the nuclear devices to arm them. Could it be they will be needed against their own peoples? The people are going to be quite irritated when the are no longer receiving anything from the oil revenues, that their own country is bankrupt and that further, they were sold out by their own leaders. At that point there will be mass migration of sheiks headed for America where they have already transferred the most of their assets.

The Arabs were trying to make the big purchases by May of 1988; it is now a year and a half later. Do you not think things might be starting to come down pretty soon? Could it be relatively correlated in timing to Savings and Loan problems and private pension plan troubles and failing economy and - and -?

I continue to see problems as I look on my scanners. The probability of you making it into your 1990 before a major depression is not reflected there. I see no way for you to make it past your fall season.

You only need a couple more countries to default and your monetary system will collapse. You sit on the target for several methods of pulling you down into collapse. Well, back to the original story.

We are talking of holding companies in trouble. The international bankers have removed responsibility from themselves. They passed the notes, etc. on to the holding companies who in turn made the bad loans. All that money belonging to the Arabs has been passed into the holding companies. All the international bankers have to do is say to the Arabs, 'You are broke. As of today--all gone!' When the Arabs demand payment of the 30 year term notes, the holding companies are insolvent--simple as that, no funds--broke.

Do you see now, that this group 'made' people some years back and now they can 'break' them with equal speed and efficiency without being accountable?

I fear, friends, it is not very different from what is being done unto you dear ones. BUT, that is another story.

Here things began to happen rapidly and with sleight of hand. There have followed myriads of liquidations, foreclosures and bankruptcies which were effected by the FDIC and FSLIC which are under the total control of the Federal Reserve Board. Literally dozens of banks all over America quickly were, and are, being bought up. But the big question is by whom? Who has the money in sufficient amounts to make such purchases? The great sums come from the higher oil price money that goes to the Arabs, the deposited into the international bankers' banks. The banks being purchased are then intentionally closed. Some of those banks are still solvent. They are also buying up farm land throughout America through the farmers who are now being put into bankruptcy because of the high American dollar (in relationship to foreign currency). At least this is the way it was up to a year or so ago--it is fluctuating somewhat at the present time for other heinous things are under way which are the next step in the plan. I shall not go into those things in this document for I intend to do a document relative to your economies. First, let us consider what is happening now and has been, for your past few years--a lot of things are being done now through the Oriental communities. Ah so?

WHAT HAPPENS NEXT?

What happens next after this point in insolvency and negotiations, is that the assets would have to be liquidated. The Arabs now have to liquidate.

They bought farmland, for instance, all over America. Likewise they bought stocks in a lot of corporations as well as a lot of bonds and some other kinds of real estate. In fact, they have controlled a large portion of the New York Stock Exchange. Keep in mind the Japanese control a large portion, also.

Let us look at the morning following the notice of bankruptcy. The Arabs will dump their stocks onto the New York Stock Exchange and what is going to happen when billions of dollars worth of their stock comes on the market? I am talking billions and billions of dollars and, suddenly, there it all is to be sold!

What happens to farmland that is already depressed? In 1987 prime farmland that had been worth $3,000 an acre was less than $700 per acre because of deflation and the inability to repay farm loans. Now you have added drought and all sorts of other bad dreams. By the way, this deflation was brought about by your Federal Reserve System. Well, the Arabs don't want that farmland, they have all the problems they can handle. What happens to the price of farmland? It is going right to the floor isn't it? Brothers, when that happens with the value what does it mean? It means it has no collateral value any longer. With no collateral value, how can a farmer borrow money next year for his crops? In turn, what happens to the crops? Who is going to feed the people? What is going to happen in the grocery markets? The results, of course, equates to hunger and scarce supply. Sad, brothers, but it is a well laid plan working to perfection.

It all boils down to CONTROL and how do you ever recover. Further, let us look at you stock situation. What is going to happen when these multitudes of stocks are dumped on the stock market? Chaos. What will be the result of catastrophic chaos? IT HAS BEEN DESIGNED TO THROW THE AMERICAN STOCK EXCHANGES, PRIVATE CORPORATIONS, PRIVATE BUSINESS, AMERICAN REAL ESTATE AND QUITE FRANKLY, THE PEOPLE IN GENERAL, INTO A STATE OF TOTAL CONFUSION. TO THE RESCUE! Let me finish the plan for you. At the time of total confusion and inability to function, those benevolent bankers are going to come through with a 'save the world proposal'. They are going to be prepared to eliminate cash because of its collapse. Secondarily, they must then stop drug trafficking. Then, they must also push to stop tax cheating. Now, what self respecting American citizen can possibly be against such noble efforts? They (the bankers) have set up and orchestrated all of these programs and now will pretend to stop them.

What will the average American do when your television says, 'Look at what those dirty Arabs have done to you?' What would you do? You are going to believe what they tell you, aren't you? You are going to be right up there in front saying 'Sure they did it to us. Those Arabs want to control the world.' Pretty soon it will be, 'Those Japanese want to control the whole world,' and then, 'The Chinese want to control the whole world." You will join the chant that says, 'Look they bought up all this major part of America. Look at all the money we have given them, and see what they have done. They have collapsed our stock market, et cetera and so on'.

Ah ha, but here come your benevolent bankers and they are going to say to you,

'You have got to have a new currency and then the next thing we will do is use that new currency to stop this dope trafficking. You know, that which is coming in from Central America and those other countries. Then, of course, we are also going to have to have a debit card to stop people from tax cheating because, after all, Mr. Public, if we don't do this we will never get ourselves back on our feet. So, brothers, if you'll just turn everything over to us benevolent bankers we will take care of everything and straighten out the whole mess.' You know what, brethren? You will hop on that bandwagon and agree to your imprisonment like babes to candy. You will not only agree to it; you will demand it. For you will forget to hear the big IF. 'YOU WILL GET ALL THIS DONE FOR YOU IF YOU WILL JUST TAKE A DEBIT CARD FOR YOU INDIVIDUALLY WITH OUR LITTLE OLD NUMBER ON IT!' YOU WILL HAVE JUST FALLEN FOR THE OLD IDENTIFICATION CARD SCHEME.

HOW CAN THIS HAPPEN TO YOU? BECAUSE YOU HAVE NEVER BEEN TOLD THE TRUTH, FRIENDS, AND WILL YOU BELIEVE IT NOW AS I GIVE IT TO YOU? NO, MOST OF YOU WILL DISCOUNT ME AS A FIGMENT OF SOME NUT'S (GBL's?) WILD IMAGINATION. SO BE IT FOR I AM GREATLY SADDENED FOR YOU AS A SPECIES.

THE NEW CURRENCY

This has been a scenario about the Middle East. Where do you think you are today and what do you think you will be when you have this new currency? It will only devaluate the old 'dollar' to zero. It is planned already and named already; the Phoenix. A little prior to this, there is a plan to bring forth an international credit card ID. Let us refer to it as a government ID card with your social security number on it which would be, and get this because the next is important, satellite linked through the Star Wars system. Does any of this sound familiar to you? This program of Star Wars is at least 60% geared towards this very purpose and only 40% for the claimed defense systems, etc.

This major space linkup will facilitate the transmission of banking information throughout the world instantly. This would be a debit card with a number which would be required for you to do business, and friends, if you know anything at all about your Biblical prophecies, God has already told you it will be, it will take place. Further, it will be done in such a clever way that you 'Christians' who say you will NEVER sign up nor participate will never see it hit you and you will have joined the program without even realizing it. How else are you going to survive? Let us not be foolish in our claims for you are dealing with the most clever planners who have out thought you completely up to this date.

Now, I hope you will believe me when I tell you that the 'Star Wars' program of satellite systems is in place. Satellites are up there, friends. We of other planets are allowed to stop nuclear warheads--we are not permitted to touch satellites which are not geared to some type of nuclear detonation.

Well, all those wonder filled bits of technology called eyes in the sky and spy satellites 'for you security' are really for the purpose of transfer of the very banking and income information which I have just been describing. It can set up immediate transfer of funds from all over the entire world, from the debit card, that the internationalists

will see to it are established with every living person. You will be on the system whether you know it or not. In fact, you who are old enough to read these words--and every child--is already entered therein.

All information will be entered into a central computer and from that place the world will come under instant financial control. So, dear Americans, you have just paid you hard earned money to finance that program to initiate the bankers' international credit card system and number system that will be implemented whether or not you choose of it. IT IS DONE, BROTHERS, IT IS PLACE--DONE! DON'T TELL ME YOU WILL NOT PARTICIPATE--YOU ARE ALREADY A PARTICIPANT, DEAR LITTLE ONES.

Oh yes, what of your defense system? Doesn't look too good does it? Well, we are not going to let those nuclear warheads out here in out space past one hundred fifty miles anyway. That is our prerogative and we stop them or dismantle them.

HEAR ME

Do you not see, brothers, that this is the way the prophecies are coming into your focus? It is happening all about you but you don't seem to know what it is you look for.

Please, all I want you to do at present is HEAR ME. There is naught you can do about it to any great extent as it stands.

You who will hear me and mine own groups, hear me. You must utilize all of the remaining time to its maximum efficiency for we will have to continue to work under the new systems. Our projects will never be less than excellent investments and they must, and will, be funded. It needs to be done rapidly, however, before we are caught up in the total collapse of the monetary system. We can work through depression if we have fundings--monetary collapse shuts us down for all practical purposes, until the system can be put on track and functioning.

It can work and will work, for in these confused, rushed and harassed days there is great madness to shift money and make money on money and etc. Countries such as China, Japan--all non hard currency countries are desperate to convert to dollars.

I will further tell you that your governments know we are here. They also know we are not here to interfere. We are here to walk our people through a transition and we plan nothing subversive. We do plan good business ventures and welcome all who wish to participate. We have no communes, all word for fair reward. We plan good business with total integrity and latest technology. We are here to help, not overthrow. We are here only to walk our brothers through, for it will all come down just as the prophecies are given. There will be some very bad times ahead most surely if plans are not made for those days of tribulation.

Let me speak a bit more regarding 'timing'. I know that what I have said is truth.

It was confirmed by top sources in Switerland that by October of last year there were twelve debtor nations who had agreed to the proposal of debt forgiveness in exchange for perpetual consignment of natural resources. There only need to be one or two more that give enough leverage to announce the Arabs bankrupt. As of now, all the top leaders in the Arab world know the story and they are scared to death about it. They don't know what they are going to do about it; there is actually nothing they can do about it. They certainly do not know how to announce it to their populace. There doesn't seem to be any way to get the information out to the people.

Further, no one knows how to announce all this to the American people. It has been attempted by some and fallen on deaf ears. I hope that by the time many of you have read this document, there will be recognition of our presence in your space. What I tell you is truth.

IN SUMMARY

I would like now, to sum up this scenario.

Because the 20 to 1 debt to asset banking ratio also operates in reverse (that's how it is with leverage), it only takes about five percent of the the third world nations to declare bankruptcy and when they do, and they accept the plan of the international bankers, then the bankers can declare the bank holding companies bankrupt. Because of the reverse leverage of the loans, only 5% of the third world countries could basically declare the world bankrupt and the ownership of all falls to the international bankers.

When this program is initiated and in place, it will wind up with the international bankers owning all mortgages and all properties. What is that going to do to your country? What about the world? What control will they have when they initiate the debit card? It will be an automatic number which will be given and would be required because the country is devastated.

It would then result that the international bankers, who are made up of all these secret and complex committees I have previously discussed, would now own the majority of the United States and most other countries (for all will fall in short order), would control the Arab world and therefore, by about a thirty year plan of manipulation, will have

brought the peoples of the world under control.

Two years ago, your Senator George Hansen said you had only about a year to get this under control, to get the information out and do something about it. Well, your year has passed into two and a half. How much have you heard about it? I doubt very much. Brothers, this is how men make slaves of their fellow men.

It has, however, been prophesied since the beginning of your world that these things would come to pass. This statement is not to give you negative feelings. This is to tell you that you are IN the time of evolution of your planet where these things are now coming to be.

I go through all this that you might recognize the signs which are all around you. The time, in your perception of time, is fleeting. The 'time' we call sequence of events--is fleeting. We have much to do and we are here ad available to assist you one of God and the children of you planet called Earth Terra. You are a sister planet to we of the Pleiades. Many of our ones walk among you. There are many duties and jobs that must now be finished.

The story, the work, will go out for that is God's promise to man. His promise is to allow man to hear and to see, followed by proof. He will send these things through us of the space brotherhood.

These things shall be documented and sent forth to man so that man can see what he wishes to do--what choices he wishes to make regarding his divinity. I am going to leave this portion now, that you ones can ponder these things.

We come in love and we can see farther than you. We have access to all records, so we can see and know. We can give assistance if we are so petitioned. And you might ask, 'Why would you ones do that?' Because Father God the Totality, the Light which is your Source and My Source loved you enough to send forth His Celestial Son, before us. We now serve that same 'Son' who is our Commander and act in His service.

Further, for you who are our brothers, we will not leave you stranded on that place. Ye who do not yet know me, will come to understanding our presence. I leave mine seal and my blessings on this portion, which I fear is quite lengthy. Please ponder is several times until you have understanding for it is most important.

Go Dharma, it has been such a terribly long session for you. Turn the papers over to the others that you may get some rest.

Salu, Salu, Salu Hatonn moving to stand-by.

One of the key evidential factors was the *distortions* of space and time in many of the photos -- 'dream-like' or "imagination-like" distortions and seamless composite images that positively could not have been faked by any mechanical means under the circusmtances. Also, many photos were made with the cameras at quite some distance from Serios, and in the hands of the investigators. Some of the pictures appeared as if taken from 'impossible' angles; from places where the cameras had never been positioned. There's more, too. *Much* more. Including a lot of pictures not previously published.

Hi! This message exchange is very interesting! I wonder, is anyone familiar with the collection of "ghost" or "spirit" photos in the possession of the Warrens of Monroe Connecticut? Yes, I'm talking about the same Warrens who were involved in the Amityville Horror fiasco, among other high-profile "hauntings", exorcisms, etc.

Some of their photos are really remarkable -- often they're "bad" drugstore-type pix taken by people who later realize how very strange the photos are. Many of the same characteristics of the Serios photos, including impossible angles, bizarre juxtaposed images, faces, etc.

I should add that the pictures range in age from 90 years or more to quite recent. Whatever you thing about the Warrens' other interests ("demonology", possessions, etc.), the photos are definitely worth a look. They take a good sampling of them on their lecture tours.

Ok, I've seen some other articles about this but still have yet to drag out a physics text to qualify my remarks beyond my opinions about this topic....

I do consider some of this possible, but not to very dramatic proportions, if any.

That scale of magnitude doesn't apply here and is,
I believe, due to a typo in a Popular Science article.
I'll make it a point to examine some physics texts.

Yes, but that's a misapplication of the forces involved with
the scale of distances being used to carry this discussion.

Among being a UFO buff, I am also a sort of Bigfoot, etc. fanatic, and the name 'Ivan Sanderson' rings a bell from that arena. Going by memory, I think he was an investigator in the late 60's in the Washington area, possibly associated with such Bigfoot related personell as Rene Dahinden (sp?) and Roger Patterson.
Does this make sense?

+ Arthur C. Clark pretty well says this was a con job, using the tube
+ for holding small parts of photos.

To get the results Serios has gotten by means of 'small parts of photos' in a tube would be at least as extraordinary a feat as getting the results psychically.

It is one thing to say that such-and-such a phenomenon *might* be explain*able* in such-and-such a way (that is, if you ignore certain critical facts), and quite another to say it has *been explained*. If Clarke really did dismiss this case on the basis of such naive speculation he has behaved disgracefully.

Subject: Question from a UFOlogy Sig User - Help
Date: 9 Apr 91 17:13:47 GMT

From: aa440@cleveland.freenet.edu (Dale Wedge)

Got a few questions here from a user on the Cleveland Free-Net that I thought I would pass on to you. I have not followed alot of the subjects that this person asked me, so I thought that I would ask the masses on ParaNet.

Anyways, these questions were posted to me on Sat Apr 6, 1991. I have edited some of them because of spelling errors.

1. In Area S-4 (The Dark Side of the Moon) the Apollo Astronauts photographed a lunar base manned by earthmen as well as Alien beings, can this be confirmed by anyone in authority other than the government?

   My answer was that I thought that S-4 was the alledged base out west in the desert where the government and aliens were sharing a facility based upon an agreement with the U.S. and the alien culture. I do not believe any of this, but this is what I thought had been reported.

2. What is/was Project Redlight and Project Snowbird?

   I know that you guys know this one.

3. Does the 'National Reconnaissance Organization' still exist, and what can they tell us about UFO activities?

   I never heard of it, have you?

4. Can you shed any light on 'D.U.M.B.' (Deep Underground Military Bases)?

   I'm sure that we have them for national security. But the jest of the question had to do with if there was any connection between D.U.M.B. and UFOs?

5. Has the military/UFO activities in and around Mt. Shasta taken the place of 'Big Rock Calif.' as a UFO landing site?

   No comment from me here. How about you?

6. This is a long one. How can the assassination of President Kennedy/MJ-12/The Council of Foreign Relations/The Joint Alien, U.S., U.S.S.R/The Deaths and or disappearance of prominate civilian and military people and the manned base on the moon connect?

   Hey, this question has all the makings of a book!!!

Well, those are the questions that I got. I was looking for someone with diplomatic means to help answer some of them. Remember, we are here to educate, not put people down.

Best, Dale B. Wedge
